Board of Education Eudora Unified School District No. 491

We have audited the summary statement of cash receipts, expenditures and unencumbered cash balances of Eudora Unified School District No. 491of Eudora, Kansas, as of and for the year ended June 30, 2012. This financial statement is the responsibility of the Eudora Unified School District No. 491's management. Our responsibility is to express an opinion on the financial statement based on our audit. The prior year partial comparative information has been derived from the District's financial statements for the year ended June 30, 2011. In our report dated October 5, 2011, on these financial statements we expressed an adverse opinion as to presentation on the basis of generally accepted accounting principles and an unqualified opinion as to presentation on the Kansas prescribed basis of accounting.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in "Government Auditing Standards", issued by the Comptroller General of the United States and the "Kansas Municipal Audit Guide." Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described more fully in the summary of significant accounting policies, the Eudora Unified School District No. 491 of Eudora, Kansas has prepared this financial statement using accounting practices prescribed by the State of Kansas to demonstrate compliance with the cash basis and budget laws of the State of Kansas, which practices differ from accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between these statutory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Eudora Unified School District No. 491 of Eudora, Kansas as of June 30, 2012, or the respective changes in financial position and changes in cash flows, where applicable, for the year then ended.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the Eudora Unified School District No. 491 of Eudora, Kansas as of June 30, 2012, and the aggregate cash receipts and expenditures for the year then ended, on the basis of accounting described in the summary of significant accounting policies.

Our audit was conducted for the purpose of forming an opinion on the financial statement. The summary of expenditures-actual and budget, individual fund schedules of cash receipts and expenditures-actual and budget, schedule of cash receipts and expenditures-agency funds, and the schedule of cash receipts and expenditures (Schedules 1, 2, 3 and 4 as listed in the table of contents) are presented for analysis and are not a required part of the statutory financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statement as a whole.

The financial statements include partial prior-year comparative information. Such information does not include all of the information required for a presentation in conformity with the Kansas prescribed basis of accounting. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended June 30, 2011, from which such partial information was derived.

In accordance with *Government Auditing Standards*, we have also issued our report, dated October 5, 2012, on our consideration of Eudora Unified School District No. 491's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*, and is not a required part of the financial statements of Eudora Unified School District No. 491. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

# Summary of Significant Accounting Policies June 30, 2012

#### **Reporting Entity**

Eudora Unified School District No. 491 is a municipal corporation governed by an elected seven-member board.

The District receives funding from local, state and federal government sources and must comply with the requirements of these funding source entities. However, the District is not included in any other governmental reporting entity, since Board members are elected by the public and have decision-making authority, the authority to levy taxes, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters. In addition, there are no component units that are included in the District's reporting entity.

#### **Fund Descriptions**

In governmental accounting, a fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following types of funds comprise the financial activities of the District for the fiscal year ended June 30, 2012:

#### **Governmental Fund Types**

General Fund – The general fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and capital improvement costs that are not paid through other funds are paid from the general fund.

Special Revenue Funds – Special revenue funds are used to account for the proceeds of specific revenue sources that are restricted by law or administrative action to expenditures for specified purposes.

*Debt Service Fund* – The debt service fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Capital Projects Fund – The capital projects fund is used to account for all resources for the acquisition of capital facilities by the District.

#### Fiduciary Fund Type

Agency Funds - Agency funds are used to account for assets held as an agent for individuals, other governmental units, private organizations, and/or other funds. Agency funds include monies held at the schools for student activity organizations.

# Summary of Significant Accounting Policies June 30, 2012

#### **Basis of Accounting**

The statutory basis of accounting, as used in the preparation of these statutory basis financial statements, is designed to demonstrate compliance with the cash basis and budget laws of the State of Kansas. Cash receipts are recognized when the cash balance of a fund is increased. Expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods and services, and are usually evidenced by a purchase order or written contract. For an interfund transaction, a cash receipt is recorded in the fund receiving cash from another fund, and an expenditure would be charged in the fund from which the transfer is made.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the District to use the statutory basis of accounting.

The statutory basis of accounting results in a financial statement presentation that shows cash receipts, cash disbursements, cash and unencumbered cash balances, and expenditures compared to budget. Balance sheets that would have shown noncash assets such as receivables, inventories, and prepaid expense, liabilities such as deferred revenue and matured principal and interest payable, and reservations of the fund balance are not presented. Under accounting principles generally accepted in the United States of America, encumbrances are only recognized as a reservation of fund balance; encumbrances outstanding at year-end do not constitute expenditures or liabilities. Consequently, the expenditures as reported do not present the cost of goods and services received during the fiscal year in accordance with accounting principles generally accepted in the United States of America. Capital assets that account for the land, buildings, and equipment owned by the municipality are not presented in the financial statements. Also, long-term debt such as general obligation bonds, revenue bonds, capital leases, temporary notes and compensated absences are not presented in the financial statements.

The District has evaluated subsequent events through October 5, 2012, the date the financial statements were available to be issued.

#### **Budgets**

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special revenue funds (unless exempted by statute), and debt service funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of budget for the succeeding fiscal year on or before August 1<sup>st</sup>.
- 2. Publication of proposed budget and notice of public hearing in a local newspaper on or before August 5<sup>th</sup> of each year.
- 3. Public hearing on or before August 15<sup>th</sup> of each year, but at least 10 days after publication of notice of hearing.
- 4. Adoption of final budget on or before August 25<sup>th</sup>.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least 10 days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

# Summary of Significant Accounting Policies June 30, 2012

#### **Budgets** (Continued)

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the statutory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for capital projects funds, fiduciary funds, and the following special revenue funds:

Contingency Reserve Fund Grants and Other Programs District Activity Funds Textbook and Student Material Revolving Fund

Expenditures of funds not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Actual exceeded budgeted expenditures in the Bond and Interest #1 Fund, which is a violation of K.S.A. 79-2935.

#### **Ad Valorem Tax Revenue**

The determination of assessed valuations and the collections of property taxes for all political subdivisions of the State of Kansas are the responsibility of the various counties. The County Appraiser's office annually determines assessed valuation, and the County Clerk spreads the annual assessment on the tax rolls. The County Treasurer is the tax collection agent for all taxing entities within the county.

In accordance with state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property November 1 of each year. One-half of the property taxes are due December 20 prior to the fiscal year for which they are budgeted, and the second half is due the following May 10th. This procedure eliminates the need to issue tax anticipation notes since funds will be on hand prior to the beginning of each fiscal year. The District Treasurer draws all available funds from the County Treasurer's Office in various designated intervals.

# Summary of Significant Accounting Policies June 30, 2012

#### **Compensated Absences**

The District's policies regarding vacation pay permit full-time classified employees to accumulate vacation days as follows:

| Years of Service |                  |
|------------------|------------------|
| 1 - 5            | 12 days per year |
| 6 - 10           | 15 days per year |
| 11 - 15          | 18 days per year |
| 16 or more       | 21 days per year |

Unused vacation to be carried over at the end of the year may not exceed 10 days. The total possible accumulation of unused vacation is 31 days.

The District's leave policies are as follows:

<u>Classified Employees</u> – Classified employees earn leave at the rate of one day for each month of service. Employees with 35 or more days of accumulated leave may, at their option, be paid for unused current leave days at the rate of \$20 per day and will be paid at the conclusion of each school year.

Classified employees terminating their employment will be paid based on their ending daily rate for each day of adjusted accumulated leave, but only to the limit of accumulation their job allows.

<u>Certified Personnel</u> – A teacher with at least 15 years experience within U.S.D. No. 491 will receive payment for all accumulated leave days at \$50 per day upon leaving the District's employment.

Each teacher shall have the option of receiving payment for unused current leave or the teacher may transfer one or more days of the unused leave to his or her personal leave account. Payment for unused leave shall be \$50 per day.

#### **Reimbursed Expenses**

Expenditures in the amount of \$154,822 and \$10,411 are classified as reimbursed expenses in the general fund and supplemental general fund. Reimbursements were received for the following expenditures: out-of-district fees and tuition, food service indirect costs, various overpayments on items such as insurance and textbooks, replacement of lost textbooks and use of District facilities by outside parties. Such expenditures are exempt from the budget law under K.S.A. 79-2925, et seq.

#### **Grant Program Involvement**

In the normal course of operations, the District participates in various federal or state grant programs. The grant programs are often subject to additional audits by agents of the granting agency, the purpose of which is to ensure compliance with the specific conditions of the grant. Any liability for reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

# Notes to Financial Statements June 30, 2012

#### 1. <u>Deposits</u>

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

<u>Custodial credit risk - Deposits</u> – Custodial credit risk is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The District's designated "peak periods" are from January 1 through February 28, April 16 through April 17, May 1 through May 15, and June 15 through July 10 at Kaw Valley Bank, and January 20 through February 13, May 1 through May 18, and June 5 through July 31 at Douglas County Bank.

At June 30, 2012, the District's carrying amount of deposits was \$3,653,248, and the bank balance was \$3,923,994. The bank balance was held by two banks, resulting in a concentration of credit risk. Of the bank balance, \$500,000 was covered by federal depository insurance, and \$3,188,150 was collateralized with securities held by the pledging financial institutions' agents in the District's name, and the balance of \$235,844 was unsecured under a designated peak period.

<u>In-Substance Receipt in Transit</u> – The District received \$730,757 subsequent to June 30, 2012 and as required by K.S.A. 72-6417 and 72-6434 the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2012.

## 2. Long-Term Debt

On January 1, 2003, the District issued \$8,000,000 in Series 2003 General Obligation Bonds, with maturity dates of September 1, 2005 through September 1, 2022, and interest rates from 3.5% to 6.5%. The purpose of the Series 2003 bond issue is to pay the remaining costs to construct, furnish and equip the new grade 9-12 high school facility. Interest on the Series 2003 Bonds is paid semiannually on March 1 and September 1. A portion of the proceeds from the Series 2011-A Bonds and Series 2012 Bonds were placed in escrow accounts. The escrow accounts will be used to provide for debt service payments on the Series 2003 Bonds which are callable on September 1, 2012. As a result, the Series 2003 Bonds are considered defeased, and the liability has been excluded from the following Maturity of Long Term-Debt Schedule.

### 4. Defined Benefit Pension Plan

<u>Plan Description</u> – The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 South Kansas Avenue, Suite 100, Topeka, Kansas 66603-3803) or by calling 1-888-275-5737.

<u>Funding Policy</u> – K.S.A. 74-4919 and K.S.A. 74-4921 establishes the KPERS member-employee contribution rates. Effective July 1, 2009, KPERS has two benefit structures and funding depends on whether the employee is a Tier 1 or Tier 2 member. Tier 1 members are active and contributing members hired before July 1, 2009. Tier 2 members were first employed in a covered position on or after July 1, 2009. Kansas law establishes the KPERS member-employee contribution rate of 4% of covered salary for Tier 1 members and at 6% of covered salary for Tier 2 members. Member employees' contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

#### 6. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. Commercial insurance is maintained for significant losses. There have been no significant reductions in insurance coverage from the prior year. Settled claims have not exceeded insurance coverage in any of the past three fiscal years.

#### 7. Other Post Employment Benefits

As provided by K.S.A. 12-5040, the local government allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.

### Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Board of Education Eudora Unified School District No. 491

We have audited the financial statements of Eudora Unified School District No. 491, Eudora, Kansas (the District) as of and for the year ended June 30, 2012, and have issued our report thereon dated October 5, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### **Internal Control Over Financial Reporting**

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of control deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the Board of Education in a separate letter dated October 5, 2012.

This report is intended solely for the information and use of the Board of Education, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

# Independent Auditors' Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133

Board of Education Eudora Unified School District No. 491

#### Compliance

We have audited the compliance of Eudora Unified School District No. 491, Eudora, Kansas (the District) with the types of compliance requirements described in the OMB Circular A-133, *Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

#### **Internal Control Over Compliance**

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance, and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Education, management, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.
